

Dear Mr. President Bush,

I want to know why my brother  
michael) has to go to a different (special) class  
than everyone. He is autistic but he still should  
have the same rights as everyone else and  
my brother doesn't have a class like ours and  
they treat ~~them~~ him differently than other  
children like me. Please respond. I really want  
this law to come so that there is no more  
Autism Segregation.

Sincerely,

Sebastian William James ~~clayton~~
